December 31, 1976

ANNUAL REPORT

The move to the Mulford Library has eased the work for the user and staff, but has increased demands for service as we anticipated. We were pleased that our budget officers also were aware that this would happen and allowed us to hire two additional professionals.

There has been no major shift in location of journals and books during the year, although a great deal of organization has taken place. We have had tremendous cooperation of our staff in organizing the collection, setting up the duplicate materials and arranging the storage areas.

Several policy changes were effected since our move, one being the restriction of journal circulation. We thought this would be extremely controversial, but found it to be well accepted, and permits the Library to offer better services. Another difficult task for us this year was charging for our Library services. In July of 1976 we began charging for searches and interlibrary loan services. (See statistical tables).

The Library serves as an effective biomedical information and resource center and has a well balanced health sciences collection. We hope to continue innovations in service methodology and to strengthen Library personnel and organization. We actively participate in interlibrary resource-sharing programs.

The following report and statistics will show the progress made in 1976.

[Signature]
R. M. Watterson
Librarian

RMW:jd
ARCHIVAL COLLECTION

A reprint collection of faculty publications, two copies, one of which is autographed, are continued to be collected and kept in the Library archives. Biochemistry was the first department to have their reprints bound for the archives.

Many of the historical materials relating to the school are housed in this collection, as are newspaper clippings and photographs. Any department wishing to transfer historical materials from their department to the archives may do so.

We have received several pieces of equipment and instruments from local physicians in hopes that someday we will have a Medical College Museum.

Presently the archive room is located in a small room in the basement of the Hulford Library, shared by the telephone equipment, maintenance storage and other departments. Many of the museum pieces have been broken and scattered about the room with so many people having access to this room and it is extremely difficult to have any organization whatsoever.

Hopefully in the near future a room will be designated for this equipment.

BCN/BIOMEDICAL COMMUNICATION NETWORK

In the first year of existence, the BCN was instrumental in finding an alternative vendor for search services for its members. In encouraging the founding of BRS, Inc. to meet the needs of libraries, a major contribution to the development of competitive information retrieval services in the United States was achieved.

BCN continues to be an important and active voice for the user in relations with BRS. BCN will have three representatives on the Bibliographic Retrieval Service User Board. BCN now has 87 members, who use more than 1300 hours a month of search time. It is important that BCN have the largest user base possible, in order to assure their position that when presented to a vendor it carries weight.
The objectives and functions of RCN are:

1. **Contract Negotiation**
   a. Rates and Fees
   b. Master Contract
   c. Services Offered
   d. Advice
   e. Other

2. **Response Quality**

3. **Output format and quality**

4. **User Communication**
   a. Newsletter
   b. Pooled information clearinghouse
   c. Other

5. **Lobbying with Vendors**
   a. Vendor evaluation
   b. File arrangement
   c. Software capabilities
   d. Other

6. **Technical Advice**
   a. Terminals
   b. Software
   c. Telecommunication
   d. Other

7. **Lobbying with Database creators**
   a. File arrangement
   b. Scope of Files
   c. Royalty fees
   d. Other

8. **Education coordination**
   a. Programs
   b. Manuals
   c. Help with search problems
   d. Other
9. Monitoring member needs and wants
   a. Additional Databases
   b. Additional services
   c. Other

10. Encouraging research into common problems

11. Fostering increased cooperation between libraries.

Mr. Watterson is Chairman-Elect of the BCN for 1976 - 1977 and will be Chairman 1977 - 1978.

BRS/BIBLIOGRAPHIC RETRIEVAL SERVICES, INC.

The BRS was established in May of 1976 to provide low-cost online access to a file of major bibliographic databases. At the end of 1975, a survey of the available online database search services disclosed the existence of a wide gap between the cost of those services offered by the public sector (government and university services) and those that were available from the private sector.

BRS was established to fill this gap by making it possible for a national user community to search bibliographic databases online at costs ranging from as low as $10 per connect hour to a maximum of $30 per hour (excluding communications and royalty charges). Thus online services, once considered a luxury to be afforded only by the larger libraries, can also be a routine, cost-effective operation for smaller libraries with lower searching volumes.

The major goal of BRS is to give libraries and information centers, regardless of their size or location, the opportunity to apply the advanced technology of online searching to help solve the problems created by the increasing demand being made on their information storage and retrieval capabilities.

BRS was created with the active encouragement and support of a large group of libraries that believe such a service will benefit not only the user community but all other sectors of the information industry, as well, by encouraging the expanded use of online services in libraries.
BRS offers users access to more than 9 million bibliographic citations in the key subject areas of medicine, biology, chemistry, psychology, education, agriculture, physics, engineering, computer science, and business management.

Initially, users will be able to search the following set of major databases:

MEDLARS
BIOSIS PREVIEWS
CHEMICAL ABSTRACTS CONDENSATES
PSYCHOLOGICAL ABSTRACTS
CAIN
ERIC (Education Resources Information Center)
NTIS (National Technical Information Center)
PHYSICS ABSTRACTS (from INSPEC)
COMPUTER AND CONTROL ABSTRACTS (from INSPEC)
ELECTRICAL AND ELECTRONICS ABSTRACTS (from INSPEC)
INFORM (from ABI)

These files were selected because of the demonstrated high quality and wide-scale applicability of their content.

This initial set of databases will be augmented by additional files as justified by future BRS user interest and demand.

GLIDDEN L. BROOKS AWARD

The Library presented the sixth Glidden L. Brooks Award at graduation in June, 1976. This medal is presented for academic achievement. It is named after the Medical College of Ohio's first president.

The solid gold medal has a portrait of Dr. Brooks, on the front, and on the verso a space for the recipient's name and an etching of the new Mullford Library, which is located on the west campus. This medal is a numbered series, the original of which is housed in the Library. The recipients are as follows:

No. 1 Retained in the Mullford Library Archives.

No. 2 Glidden L. Brooks, M.D.,
MCO's First President
Presently residing in Haddonsfield, New Jersey

Received in Boston, Mass., March 14, 1974.
No. 3 Paul Garrett, Jr., M.D.
Graduation - June, 1972
Received in Atlanta - March 17, 1974.

Dr. Garrett was selected as the first recipient of this award and is presently serving his inter-residency program at Grady Memorial Hospital in Atlanta.

No. 4 Michael McIntosh, M.D.
Graduation - June, 1973

Dr. McIntosh is presently at Cincinnati General Hospital in the Department of Psychiatry.

No. 5 Michael B. Shannon, M.D.
Graduation - June, 1974

Presently residing in New York, New York

No. 6 Craig T. Hopple, M.D.
Graduation - June, 1975

Dr. Hopple is presently serving his internship in the Department of Medicine, Medical College of Ohio, Toledo, Ohio.

No. 7 David Alan Warrick, M.D.
Graduation - June, 1976

Dr. Warrick is presently at Presbyterian Medical Center, Denver, Colorado.

LCME Task Force Committee - Institutional Self-Study Program LCME Steering Committee Audiovisual Advisory Committee Chairman - Building II Committee - Medical College of Ohio Chairman - Midwest Regional Group/Medical Library Association Fall Conference Participating Library Coordinators Extramural Group Chairman - Elect - Biomedical Communications Network Board of Directors - BCN/Biomedical Communications Network Chairmen’s Study Group

CONSULTANT

Mr. Watterson continued to consult for the following institutions:

Lima State Hospital 
Lima Memorial Hospital 
Health Science Librarian's of Northwestern Ohio Library Advisory Committee for The University of Toledo, Community & Technical College 
American Osteopathic Association 
Sandusky Memorial Hospital

COOPERATION

The Library continues to work closely with the librarians of The University of Toledo, Bowling Green State University and the Toledo Public Library System. The Librarians meet regularly and are called Committee for Library Cooperation (CLC). Thus far this program has proven successful.
DEDICATION OF THE HEALTH EDUCATION BUILDING

Mr. Watterson as Marshal of the Medical College of Ohio assumed the responsibility of the Honorary Degree Ceremony for the Dedication. Honorary degree hoods were ordered and academic regalia rental was handled by the Librarian's office. The Labino mace was carried in this procession as in all academic processions of the school. Two honorary degrees were given at this dedication.

The Library staff conducted tours throughout the three day event.

GIFTS

Gifts continued to be picked up and received by the Library. Occasionally we are fortunate in finding a rare book among these gift materials.

GRADUATION

Mr. Watterson served as Chairman and Marshal for the fifth commencement exercises of the Medical College of Ohio, on June 10, 1976, at the Peristyle, Toledo Museum of Art. The graduating class of 66 increased our total number of new physicians to 221.

Three honorary degrees were given at this years commencement exercises as follows:

William Anthony Sodeman, Sr., M.D.
Clinical Professor
Department of Medicine
Medical College of Ohio

Rear Admiral Alene Bertha Duerk
Nurse Corps.
United States Navy (retired)

Abner McGehee Harvey, M.D.
Professor of Medicine
Director Emeritus of the
Department of Medicine
Academic regalia rental has increased thus increasing the workload of the Librarian's office. Response from the faculty this year was extremely good.

The invitation list has been held to 2,000 for the past two years, but will be increased this year with the increased class size and faculty.

On October 27, 1970, Dr. John P. Kemph, Dean, announced the graduation committee for 1977 as follows:

R. M. Watterson, Librarian
Marshall
Instructor - Department of Anatomy
Chairman - Graduation Committee - 1977

Harry L. Mayhew, M.D.
Chairman & Professor
Department of Family Medicine

Robert Crissman, Ph.D.
Assistant Professor
Department of Anatomy

Sam Schaeffer, Ph.D.
Associate Dean for
Admissions & Academic Services
Dean's Staff

John P. Kemph, M.D.
Vice President for Academic Affairs
Dean of the Medical Faculty

Students

George Haidet
Mike Stark
Coleen Hines

Beginning January, 1977, this committee will meet regularly.
RAYMOND H. MULFORD LIBRARY HOURS

Monday - Friday 7:30 a.m. - 12:00 midnight
Saturday - Sunday 9:00 a.m. - 12:00 midnight

The Library continued to stay open longer hours with a professional on duty most of the time.

The Library did close most Holidays this year in order to relieve budget strains.

LIBRARY COMMITTEE

R. M. Watterson, Librarian & Marshal
Chairman

William Schiller, M.D.
Associate Professor
Department of Surgery

Michael McNamara, M.D.
Chairman and Professor
Department of Community Medicine

John Turner, Ph.D.
Assistant Professor
Department of Physiology

Jeffrey Burnham, Ph.D.
Associate Professor
Department of Microbiology

Maurice Schnitker, M.D.
Local Physician

Alan London
MCO Student

Ray Louie
MCO Student

This committee meets regularly to discuss problems and make decisions on Library policy, hours and service.
MEDICAL REFERENCE WORK

The course "Medical Reference Work" was offered by The Community & Technical College of the University of Toledo. Four credit hours are earned and the course is offered at the fall quarter.

Mr. Watterson, Mrs. Salley and Mrs. Hidalgo taught this course two nights a week. The money earned from teaching was turned into the Medical College of Ohio. All classes were held at the Mulford Library.

We were very pleased with the success of this course the two years we have offered it and hope to continue to do so.

MEETINGS ATTENDED
R. M. WATTERSON, LIBRARIAN

January
Committee on Library Cooperation
KOMRML
SUNY Biomedical Communications Network

February

Ohio College Library Center Serials Training Workshop

MIDWEST REGIONAL GROUP/MEDICAL LIBRARY ASSOCIATION
FALL CONFERENCE - OCTOBER 13 - 16, 1976

The Mulford Library was host to the Fall Conference of the Midwest Regional Group/Medical Library Association in October of this year. The convention was held at the Commodore Perry Motor Inn with some of the classes taught at the Mulford Library. The four day function included workshops, a banquet and special meetings. An attendance of 125 was registered from all parts of the midwest. Many prominent librarians took part in this program and special tours of the Mulford Library were conducted. Pre-registration, program, mailing, etc., were handled through the librarian's office.
Continuing Education Courses with credit were offered by the Medical Library Association as follows:

C.E. Course 22
Planning Hospital Library Facilities

C.E. Course 30
Basic Media Management - Hardware and Physical Facilities

C.E. Course 10
Recent Advances in the Literature of Pharmacy

C.E. Course 31
Basic Media Management - Software

OHIO COLLEGE LIBRARY CENTER

The Wulford Library continued to be a member of the "Center." OCLC is a non-profit corporation organized to establish and operate a national, computerized network of bibliographic cataloging services for libraries. The Center's members, primarily academic institutions in Ohio, are charged annual fees based generally on their book cataloging volume. The Center also provides services to libraries outside Ohio on a contract basis. The membership at present consists of 84 Ohio Institutions.

We were fortunate in being able to add a second terminal in the reference department and being one of the few libraries to use the on-line serials control system, which had been only partially activated this year. In the course of use and further development a variety of changes were made. At the end of the year the serials holding record file had been redesigned and reinstalled together with its index file to reflect the various changes. The automatic check-in feature is being implemented. The on-line catalog already contains nearly a hundred and forty thousand serials records.

This system has proven to be satisfactory in both departments.

(See statistics in Technical Services Department).

PROOFING AND EDITING

The Librarian's office continued to proof and edit manuscripts and papers for the faculty and staff. Each year this service expands.

REFERENCE

A brief description of the data bases now available to our library users is given.

MEDLINE/MEDLARS

This data base covers the entire Index Medicus from 1964 to the current Index Medicus month, plus the journals indexed to produce the International Nursing Index, Index to Dental Literature, Population Sciences and the WHO (World Health Organization).

CANCERLINE

This data base contains citations and abstracts of articles from scientific and biomedical journals which have been abstracted for Cancer Therapy Abstracts (1967 - 1975) and Carcinogenesis Abstracts (1963 - 1975).

CHEMLINE

This is an on-line chemical dictionary file which provides mechanism whereby chemical substances names can be searched and retrieved.

CATLINE

This data base contains all monographs cataloged by the National Library of Medicine since 1965.

PSYHI.

This Psychological Abstracts data base produced by the American Psychological Association contains citations and abstracts from the world's scientific literature in Psychology and related disciplines. This data base covers material from over 800 journals plus about 1,200 books including relevant material from Dissertation Abstracts International. The data base covers the period from 1967 - 1975.
TOURS OF THE MULFORD LIBRARY

Hepatites Symposium
Owens-Corning Fiberglass Company
Administrative Management Society Dinner & Tours
St. Petries Lutheran Church Ladies Aid
The University of Toledo Pre-Medicine Society
Crippled Childrens
Ford Motor Company
Obstetric & Gynecology - Ohio - Michigan Conference
Dedication of the Health Education Building
B.I.E. Day
Day Nursery
Maumee Country Day School
University of Cincinnati Librarians
Midwest Regional Group/Medical Library Association
The University of Toledo College of Pharmacy Students
Bowling Green State University Biology Students
Teamsters Local 20 Retiree Club
Luckey School System - Senior Science Students
Bedford High School Health Club
McCaulley High School Health Club
Toledo - Lucas County Public Library - Adult Services Librarians
The University of Toledo Law Library - Librarians
Special Tours for Administrative Guests
Special Tours for Departments interviewing candidates
WORK STUDY PROGRAM

The Mulford Library cooperated with The University of Toledo on their work-study program. Each year we take several of their library students for a six week period and train them in the use of reference works, cataloging, circulation, acquisitions, etc. We try to place them in each department a minimum of one week so that they can cover as much about a medical library as possible in a short span of time. The students are pleased with this portion of their study and we plan to continue with this program. The program takes considerable time and patience on the part of the library faculty, as well as staff, during these training sessions, but everyone feels it is important to be involved.

H. PUBLICATIONS

This Thesis was accepted for publication by Case Western Reserve University Press, but publication was cancelled due to financial problems of the Press.

Co-author of report "Proposed Guidelines for Determining Uniqueness of Records" which was issued February 17, 1976, by the Ohio College Library Center to all member libraries.

I. SPECIAL EXHIBITS

Medical Library Association Meeting, June, 1976, at Minneapolis, Minnesota, presented with Ms. Susan Hill of Cleveland Health Sciences Library, "A Poster and Panel Session and Open Meeting on "OCLC" and the Health Science Library." (Photo No. 5 Bulletin of the Medical Library Association 65:1, p. 89).
During summer and autumn assisted the Technological Media Center in selecting and arranging a large exhibit in the Center, which is to be moved to the Special Exhibit Room, of sound recordings and literature. Also helped compile, edit and index a to-be-published Bibliography of sound recordings and literature in English, by the Director of the Technological Media Center, The University of Toledo.

J. TEACHING

"Medical Reference Works" The University of Toledo, Community and Technical College.
